Company Profile

About us

1977	1978	1984	1991	1996	1998	2000	2003	2005	2008	2011	2012
Establishment of Janatics by two technocrats Mr. G.C. Nageswaran and Mr. K.Jaganathan	Developed cylinders and valves for Textile Industry (Import substitution)	Award for best ancillary unit of Tamil Nadu	Converted to Private limited company	Started dealer network - all over India Recognition by CBI of Netherlands as quality Selection by CBI for training at Netherlands manufacturer in India	Export of FRL's to U.K.	Product approval by EIL, FCRI, ETDC	Participation in Hannover Messe Launched Compact magnetic cylinders and DS2 - 1/2" Spool valves	Launched VDMA cylinders, Compact ISO cylinders and manually operated valves	"Best Innovative Products Award" in INTEC 2008, Coimbatore, INDIA	Purchase of our own Marketing office Building in Delhi Implementation of Solid works 3D Software all across the Organisation Establishment of Fullscale Machining centre, Pressure Die-casting unit and VMC/CNC Setup USA distribution established at PA, USA	Establishment of manufacturing facility in Noida & Ahmedabad
	1980	1985	1992		1999						2014
	Special cylinders and solenoid valves for Power Industry	Professional management team inducted	R & D division with modern machine shop established		In-house R&D approval by Dept. of scientific and Industrial Research, New Delhi Modernisation scheme - TIIC implemented	"Best Stall Award" in ACMEE 2002, Chennai, INDIA "Best Display Award" under SSI in INTEC 2002, Coimbatore, INDIA	Started Marketing offices all over India	"Best Stall Award" in INTEC 2006, Coimbatore, INDIA	ISO 9001:2008 certificate by BVQI		"Supplier of the Year" award from Rieter
		1987	1994	1997				2006	2009		
		Works shifted to own building	"Gold Card" award by TIIC as privileged customer	Hannover '97 participation sponsored by CBI				Increased company area 3,270 m ² to 10,280 m ² Implements, Oracle ERP system (E-Business suite)	Purchase of our own Marketing office Building in Pune & Ahmedabad		
											2015
											New manufacturing plant in Coimbatore - 70,000 sq. mtr.

Policy

Janatics will manufacture and supply world-class Pneumatic products and systems

Janatics will understand and satisfy the exacting needs of customer by providing excellent support service before and after the sale

This will be achieved through

1. Customer focus and continual improvement in all activities
2. Building commitment in all levels by training and motivation

Our Strength

Quality is maintained right from the design stage and is rigorously perceived by the entire organization, right through manufacturing to customer service. The quality maintained by Janatics complies with international standards resulting in high reliability.

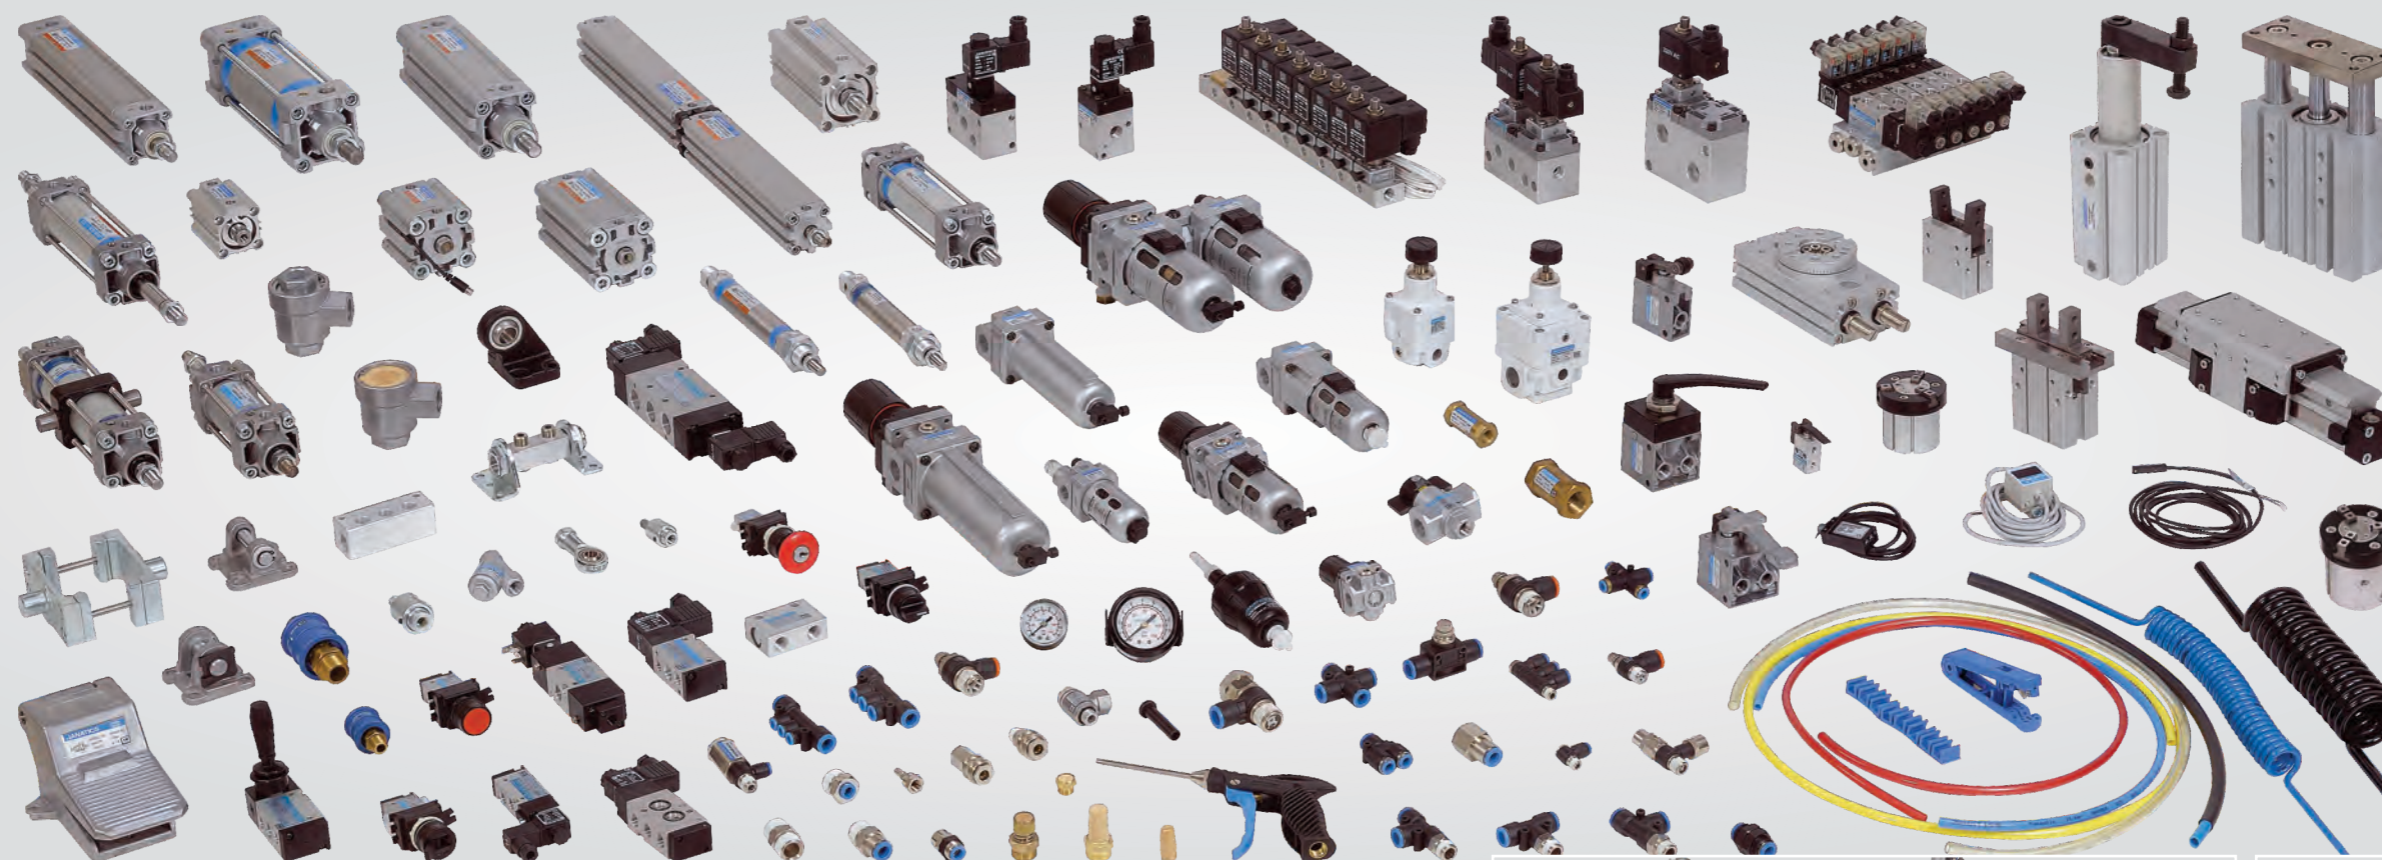

The central manufacturing facility in Coimbatore is spread across 70,000 square meters and is equipped with technologically advanced machinery, supported by best in class infrastructure that include exclusive casting facility with modern pressure die casting machineries, CNCs, machining centers and special purpose machineries, for the shortest throughput time.

Automated and flexible production lines with short lead & set up times for FRLs, Air Cylinders, Directional control valves and One touch fittings facilitate faster response to varied domestic and global customer demands.

Serving Wide Industrial Segments

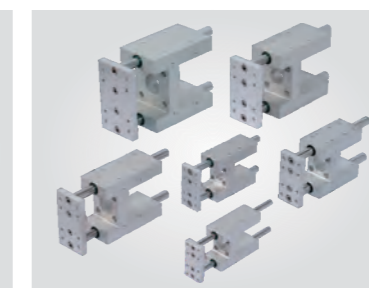

- Agro Industry
- Air Compressors
- Aluminium Extrusions
- Automation
- Automotive
- Bottling Plant
- Casting
- Cement Industries
- Ceramics
- Chemical & Fertilisers
- Concrete Mixers
- Dairy Products
- Fasteners
- Foam Manufacturer
- Food Processing
- Foundry
- Glass / Fibre Products
- Granite Industry
- Hydraulic Equipment Manufacturer
- Injection Moulding
- Leather Manufacturer
- Machine Tool
- Medical Equipments
- Textiles
- Motor & Pump Industry
- Oil & Natural Gas
- Packaging
- Paint Industry
- Paper Industry
- Pharmaceuticals
- Plastic Products
- Poultry Equipments
- Powder Coatings
- Printing
- Rubber Manufacturer
- Tyre Retreading Machine
- Tyre Manufacturer
- Institution / College

Our Products

The customer centric approach of Janatics helped it extend its services by manufacturing standard pneumatic products to cater to the growing domestic and international requirements, that include Air preparation units, Pneumatic cylinders, Directional control valves, Solenoid operated valves, One touch fittings, Complete pneumatic systems, Didactic products and many more. Janatics now manufactures the widest range of world class pneumatic products with over 3000 models and more than 32500 variants to its credit.

- Air Preparation Units
- ISO Air Cylinders
- VDMA Cylinders
- Miniature Cylinders
- Compact Cylinders
- Solenoid Valves
- Compact Valves
- Rodless Cylinders
- Round Cylinders
- Tandem Cylinders
- Quick Couplers
- PU Tubings
- Coloured Coiled Hoses
- Tube Cutter
- Air Blow Gun
- Shock Absorbers
- Air Tank
- Twin Piston Cylinders
- One Touch Fittings
- Flow Control Valves
- Pneumatic Counters
- Pneumatic Timers
- Trainer Kits
- Proportional Pressure Regulators
- Compact Cylinder with Guide Rod
- Compact Guided Cylinders
- Flow Meter
- Proportional Flow Control Valve
- Pressure Indicator
- Rotary Clamp Cylinders
- Rotary Indexing Table
- NAMUR Valves
- Compact Valve - ISO Size 3
- Diaphragm Valves
- Non Rotating Cylinders
- Modular Manufacturing Systems

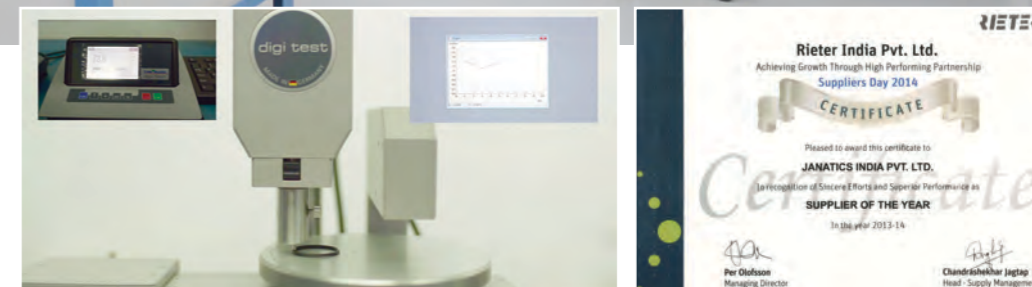

Quality

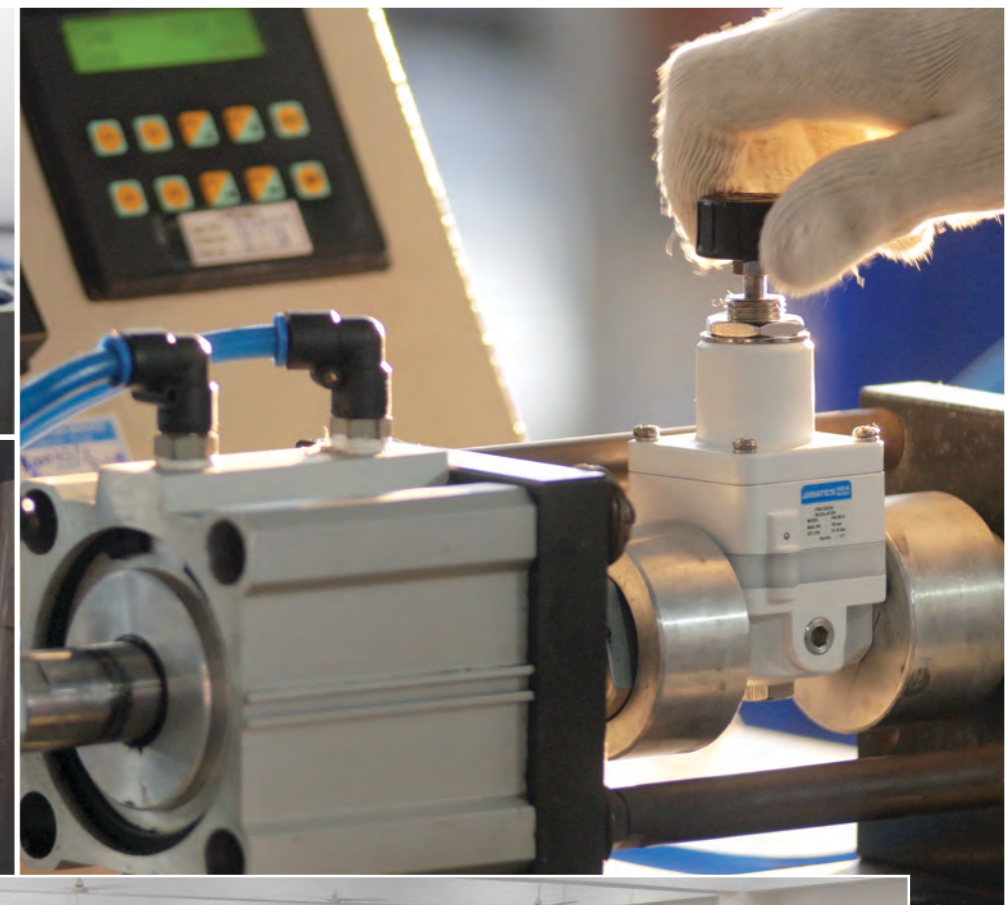

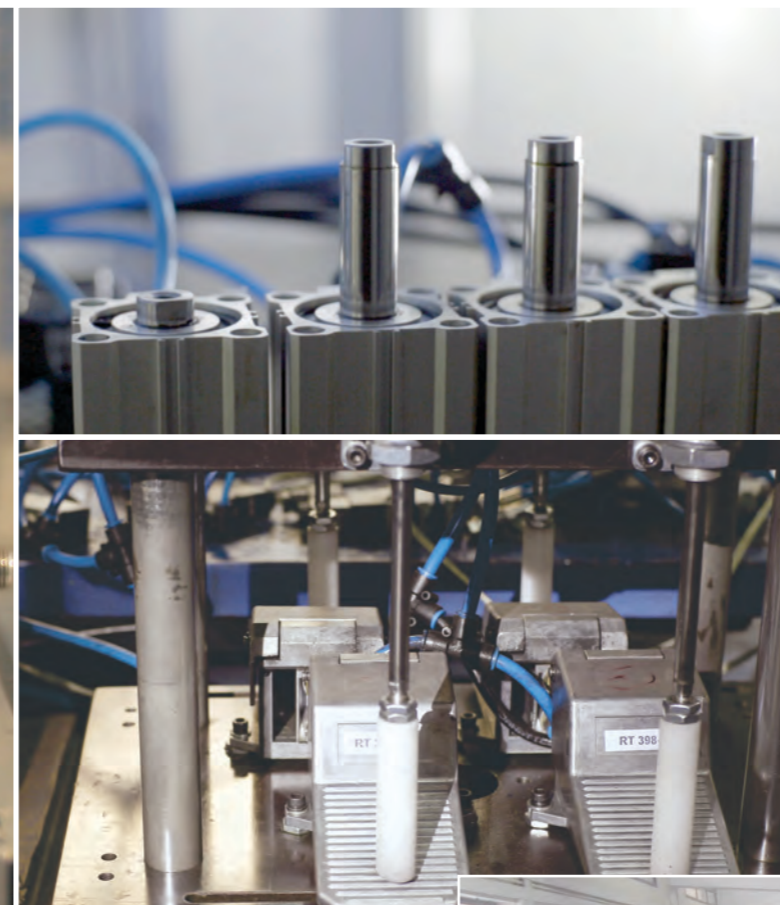

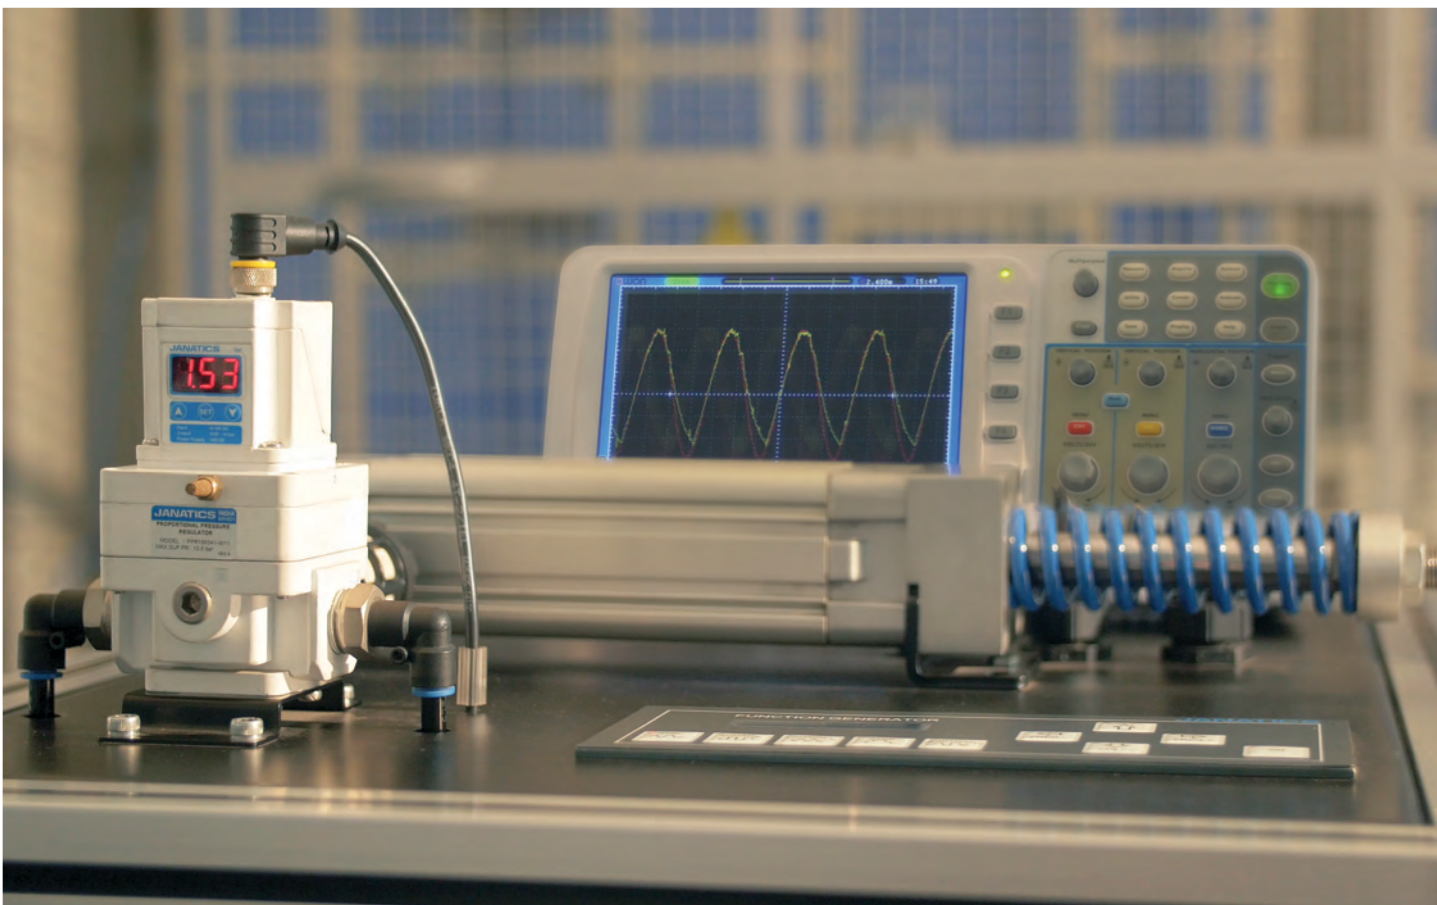

The quality management system in Janatics is certified for ISO 9001:2015 and is practiced through-out the organization, right from capturing the voice of customer, through product design & development, to customer service

The quality maintained by Janatics complies with international standards resulting in high reliability

Quality is maintained right from the design stage and is rigorously perceived by the entire organization, right through manufacturing to customer service. The quality maintained by Janatics complies with international standards resulting in high reliability.

Janatics is also certified for ISO 14001:2015 & ISO 45001:2018, for environmental management system and occupational health and safety respectively.

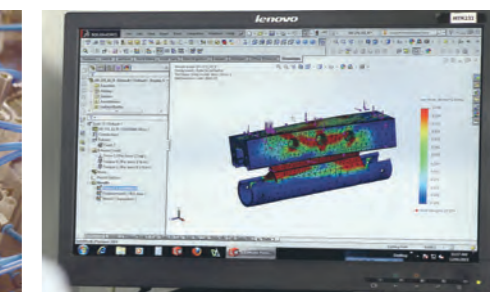

Research & Development

Extensive usage of 3D CAD tools for design, and FEA tools for optimisation, are instrumental in improved product design to suit market requirements

Janatics boasts of a state of the art R&D division, recognised by Department of Scientific and Industrial Research, Government of India. Continued research and development using advanced technologies for prototyping, testing, instrumentation, and accelerated life testing results in development of high quality and reliable products

Tool Room

In-house tool design, analysis & tool room capabilities allow us to commercialize a wide array of standard pneumatic products

Material

Sufficient inventory of critical components and raw materials provide enhanced capability to handle surge in demand.

The entire supply chain is closely integrated with the help of in-house software supported by the world class Oracle ERP system and hardware facility

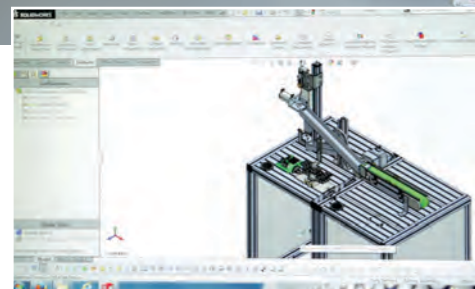

Manufacturing

The central manufacturing facility in Coimbatore is spread across 70,000 m² and is equipped with technologically advanced machinery, supported by best in class infrastructure that include exclusive casting facility with modern pressure die casting machineries, CNCs, machining centres and special purpose machineries, for the shortest throughput time

Product Assembly

Automated and flexible production lines with short lead & set up times for FRLs, Air Cylinders, Directional control valves and One touch fittings facilitate faster response to varied domestic and global customer demands

Customised Solutions

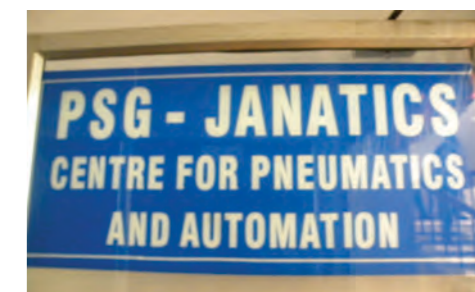

Apart from standard pneumatic products, Janatics manufactures custom pneumatic products & value added pneumatic systems tailored to meet the specific application needs saving precious time and valuable resource for the customers

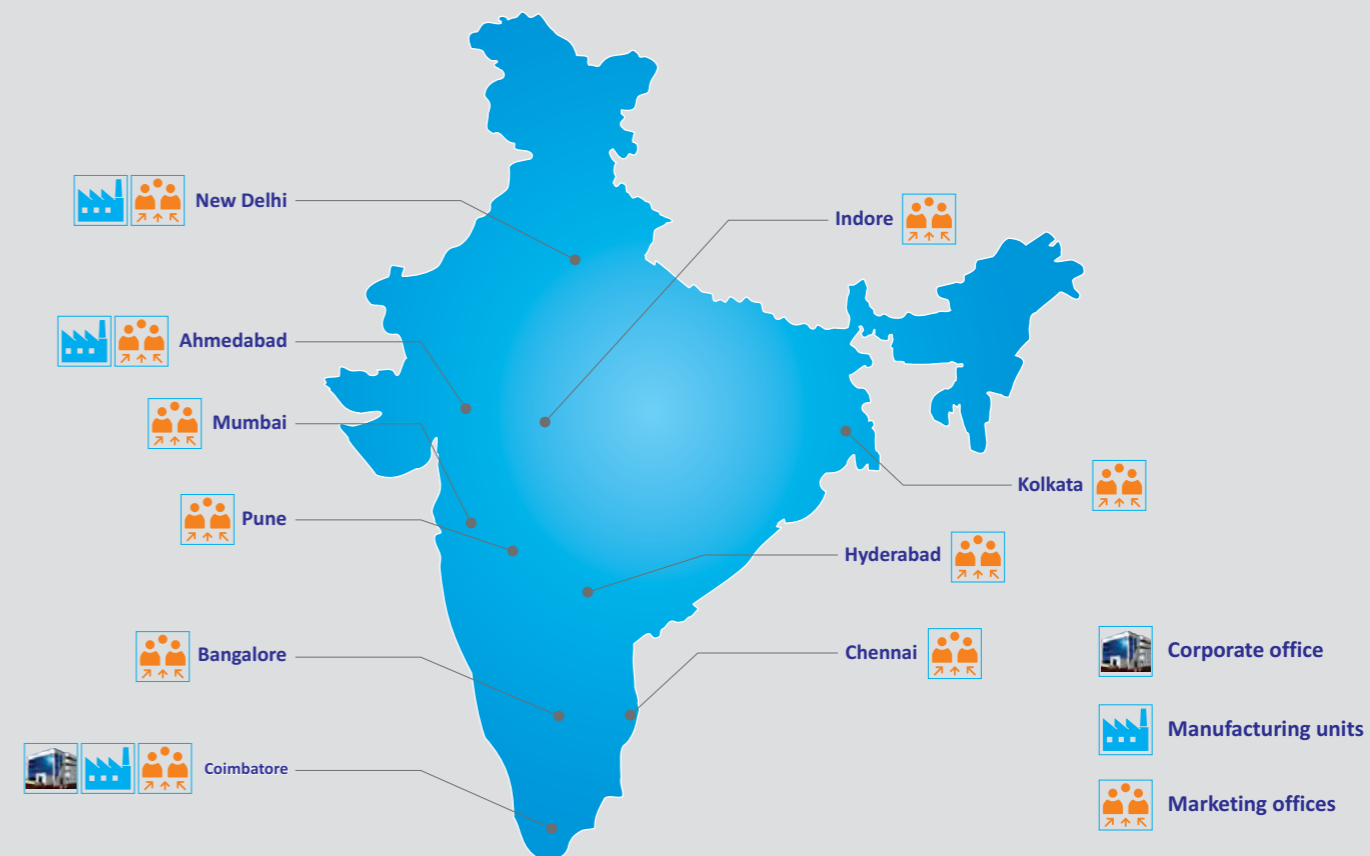

Didactic Products & Training

Product and application training are provided in house and at the customer site for enhanced product experience and effective utilisation.

Establishment of Centre of excellence at educational institutions helps the engineering student community to get a practical knowledge of the product and it applications

Marketing

The company has laid emphasis on participation in international trade and industrial fairs, with the view, to feel the pulse of the pneumatic market and for technology upgradation

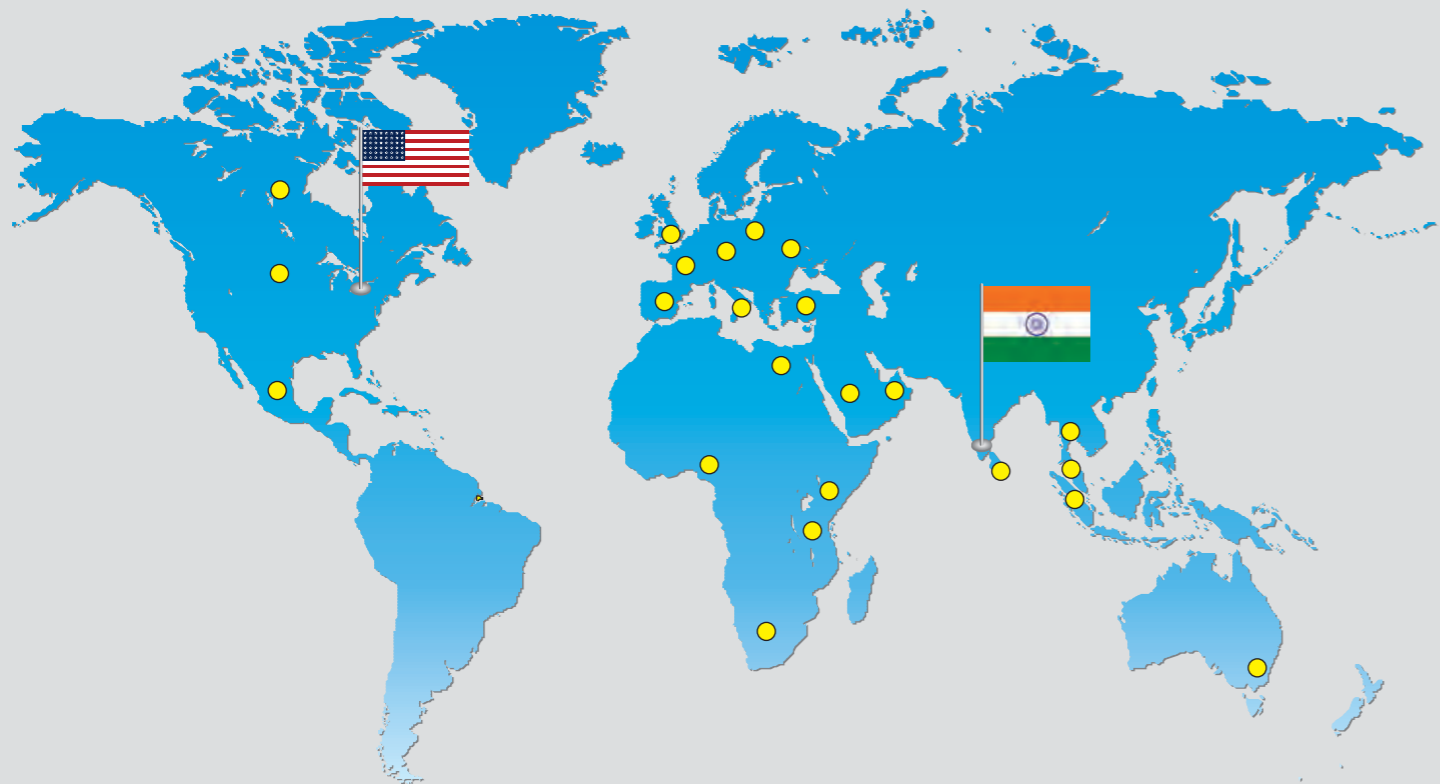

Sales & Dealer Network

A strong domestic and international dealer network and reliable service team enable us to provide excellent customer service.

Manufacturing facility in Ahmedabad and Noida, enable handling of rush order requirements in their respective region.

Through global data and communication facilities, the constant exchange of information between the marketing and sales divisions & distributors help us to effectively cater to the requirement of customers

JANATICS INDIA PRIVATE LIMITED
JANATICS USA, INC

- Over 17000 Customers
- 1100 Employees
- Presence in over 42 Countries
- Own subsidiary in USA and Germany
- Multiple Manufacturing facilities
- Over 200 Distribution partners

Global Distribution Network

- Australia
- Bahrain
- Bangladesh
- Canada
- France
- Germany
- Italy
- Indonesia
- Kenya
- Malaysia
- Nepal
- Nigeria
- Oman
- Poland
- Qatar
- Saudi Arabia
- Singapore
- Slovenia
- South Africa
